MAAS
group family properties

Maas reveals plans for a major mixed use development in the main street of Dubbo.

The plan includes contemporary ground floor retail and upper level commercial office space over-looking Macquarie Street, 200 serviced apartments and up to go residential apartments. The developments construction would be staged in its delivery.

This new development will be set around the Old Bank restaurant and we will redevelop and open up the lane beside the Old Bank to create a thriving café/restaurant and retail strip.

We are very excited to announce this concept and believe this will transform the main street of Dubbo and be one of the most iconic projects west of the Blue Mountains. Mixed use projects are the way of the future with all spaces complementing each other.

Demolition is underway and we will be working with Council over the coming months to have the DA approved with construction currently planned for 2018 with stage 1 to open in 2019

Yours faithfully,

Steve Guy
